Report of Independent Registered Public Accounting Firm

Plan Administrator and Trustee
Interface, Inc. Savings and Investment Plan
Atlanta, Georgia

We have audited the accompanying statements of net assets available for benefits of Interface, Inc. Savings and Investment Plan (Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes at end of year is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Savings and Investment Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Interface, Inc. Savings and Investment Plan ("Plan") provides only general information. Participants should refer to Plan's Summary Plan Description and Plan document for a more complete description of the Plan's provisions.

- a. *General* - The Plan is a defined contribution plan covering substantially all full-time employees of Interface, Inc. and adopting domestic subsidiaries (the "Company") who have six months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of September 1, 2005, employees hired on or after this date are automatically enrolled in the Interface, Inc. Savings and Investment Plan at a 3 percent contribution rate. Employees that do not want to participate in the Plan are required to elect out of the Plan.

Flooring Consultants, Inc., an indirect subsidiary of the Company, sold certain of its assets to RFC Holdings, Inc. on September 17, 2004 (the "Flooring Consultants Transaction"). As a result of this Transaction, Flooring Consultants employees ceased to be employees of Flooring Consultants, Inc. and employment was transferred to RFC Holdings and RFC Holdings agreed to adopt the "Re:Source Arizona 401(k) Savings and Retirement Plan." The Interface, Inc. Administrative Committee elected to transfer the Interface Plan accounts, including any outstanding loan balances, of those Flooring Consultants employees who had account balances under the Interface Plan to the Re:Source Arizona 401(k) Savings and Retirement Plan, effective January 28, 2005. Flooring Consultants employees are not entitled to a distribution from the Interface Plan as a result of the transfer of employment.

- b. *Contributions* - Each year, participants may contribute up to 40 percent of pretax annual compensation, as defined in the Plan up to a maximum of \$14,000 and \$13,000 for 2005 and 2004, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a common and collective trust, a Company common stock fund, and eleven mutual funds as well as a self-directed brokerage account option as investment options for participants. The Company contributes 50 percent of the first 4 percent of base compensation that a participant contributes to the Plan. Employees of Interface Fabrics, Inc., Interface Fabrics Elkin, Inc., Interface Fabrics Finishing, Inc., Interface Fabrics Marketing, Inc., Interface Fabrics Guilford, Inc., and Interface Teknit, Inc. also receive an additional matching contribution of 25 percent of base compensation that a participant contributes to the Plan between 4 percent and 5 percent of

compensation. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors in the form of cash or Company common stock. No additional profit-sharing amounts were made by the Company to the Plan during the years ended December 31, 2005 and 2004. Contributions are subject to certain limitations.

- c. *Participant Accounts* - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. *Vesting* - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service beginning with 20 percent after year one.
- e. *Participant Loans* - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator on the date of the loan. Interest rates are currently equal to the prime rate plus one percent. Principal and interest are paid ratably through payroll deductions.
- f. *Payment of Benefits* - On termination of service due to death, disability, retirement, or separation of service, a participant is eligible to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.
- g. *Forfeited Accounts* - Forfeited nonvested accounts are used to reduce employer contributions. During the Plan years ended December 31, 2005 and 2004, forfeited amounts were not material to the financial statements.
- h. *Administrative Expenses* - The Company pays the majority of the Plan's administrative expenses. Fees recorded in the Plan for the 2005 Plan year relate to participant loans, and are charged directly to those participant accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The common and collective trust and mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The Company common stock fund is valued based upon the quoted market price for Interface, Inc. Class A Common Stock. Participant loans are valued at cost which approximates fair market value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

5. **Plan Termination** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to amend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

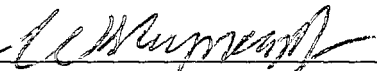

6. **Tax Status** The Internal Revenue Service has determined and informed the Company by a letter dated December 12, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).
